Mission Statement

To provide quality care for children ages 6 weeks through 12 years.
To help each child develop in an age-appropriate environment.
To provide a strong learning environment.

Program Philosophy

Kountry Kids Learning Center's program philosophy is based on meeting the developmental needs of children. The daily activities provide children experiences that enrich and enhance each child's cognitive, language, social, emotional, physical, and creative development. The children will be given opportunities to create, explore the environment, learn problem-solving and personal interaction skills, and learn concepts through first-hand experiences. Children develop a positive self-concept through a balance of child and teacher directed activities. Staff serve as positive role models, and provide care that is supportive, nurturing, warm, and responsive to each child's individual needs. We respect families as the primary and most important providers of care and nurturing. We believe parents and teachers are partners in children's care and education.

Program Goal

Kountry Kids Learning Center strives to set a standard of excellence in early childhood education by providing high quality care and education in a family-oriented environment. KKLC will help build a foundation for our children to be successful in all aspects of life.

We welcome families to bring snacks/treats for special occasions. Any food that is brought into the program to be shared among the children must be commercially prepared OR prepared in a kitchen that is inspected by local health officials. Monthly menus will be posted on the center's website, on the parent information board and in each classroom. If you would like a copy of the monthly menu stop by the office and we would be more than happy to provide you with a copy.

Absence

Parents are required to inform the center by 9:00am if a child will not be at the center on a scheduled day. This will enable the center to more effectively maintain appropriate ratios and help the classroom teacher effectively plan for the day. If no notice is given by 9:00am or 1 hour after the scheduled arrival time, whichever is later, it will be assumed that your child will be absent for the day. If you bring your child after such stated time your child may not be allowed to stay for the day due to staff to child ratios. If you are going to be late, call the center. No refund will be given for absenteeism.

Illness-If your child is ill, we request that you notify the center administration of the absence, as well as the nature of the illness. This enables our staff to keep track of any illnesses that may occur at our center. If your child has a communicable disease, we ask that you share the diagnosis with the center administration, so that the parents of the children in the school may be notified that a communicable disease is present. Only the communicable disease information will be shared. Kountry Kids Learning Center will take all measures necessary to protect your child's confidentiality. Parents are not required to disclose this information by law, and your continued enrollment will not be based whatsoever on your decision to share the reason for your child's absence from school. Symptoms which exclude the child from daycare or will lead to a child being sent home from the daycare are as follows:

- A child with a fever of 101 degrees F or higher may be sent home at anytime upon administration discretion
- A child with diarrhea and/or a rash combined with a fever of 101 degrees F or higher – child may not return until free of all symptoms for 24 hours.
- Illness which prevents the child from comfortably participating in program activities.
- Illness which calls for greater care than the staff can provide without compromising the health and safety of the other children.

- Vomiting 2 or more times in the previous 24 hours. Child may not return until 24 hours after the last episode of vomiting.

 - KKLC maintains current contact information for each child's primary care provider and emergency care agency. Please inform the office immediately if any of the providers change.

Medication Policy

Prescription medications can only be administered to the child whose name appears on the label and dosage as outlined on the label and in the original container. All medication is administered by administration only. Parent must fill out a medication authorization form and turn the form and medication into the office. Administration will compare parental instructions in the medication authorization form to assure instructions are consistent with medication label and/or doctor's note. Any expired medication will not be administered. All medication will be properly stored in a locked box/refrigerator in the administrative offices. If the medication requires refrigeration, please let administration know so it can be stored properly. KKLC does not administer the initial dosage of medication (except with physician's written permission for life-threatening situations). Administration will document the name of the medication, the amount, time given and the name of person administering the medication.

Medication delivered by a device must be turned into the office with written instructions on indications for use. Parents/Physician must provide information in regard to signs and symptoms the medication administration is required. It is necessary that the parent demonstrate proper administration of the device and any special care the child requires after medication is administered. Parent and administration will document and sign documentation that proper demonstration and care was provided. Medication delivered by a device will only be administered by individual(s) properly

trained. If a medication is prescribed long term, administration of the medication will be provided annually and/or with staffing or device changes.

Over the Counter medications must be brought to the center in the manufacturer's packaging, labeled with the child's name, and a medication form filled out. Dosage must coincide with the manufacturer's recommended dosage or documentation from the physician. If the manufacturer states that a physician must be consulted for the age of your child, the center must have documentation on file regarding the dosage to be given from the child's physician.

Field Trips/Off Premises Trips

KKLC has the opportunity to take children on field trips away from the center. Parent permission for field trips is signed at the time of enrollment. Each trip will not constitute individual permission slips. In each case, the parents will be notified in advance by way of flyer posted to your child's cubby, announcement on your child's classroom sign in/out clipboard, in a newsletter and/or via email. If you wish for your child to NOT attend the mentioned field trip, you must notify the KKLC office at least one day before the trip so that arrangements can be made. If you chose for your child not to attend a scheduled field trip, YOU are required to make alternative arrangements for your child. KKLC will not have an alternative option for supervision of your child. Parents are always welcome and encouraged to attend field trips. KKLC Summer Camp program goes on trips regularly scheduled trips throughout the summer months. Parents are notified of these trips. On occasion, Kountry Kids Learning Center staff may take children to the local park located 1 block away. These trips may be taken without a permission slip or notice.

Parent/Guardian/Grandparent Participation

We invite parents and grandparents to participate in all aspects of the program. They are open to visit the center at any time and are encouraged to interact in all areas of a child's day at the center. We hold parent/teacher conferences twice per year. Classrooms provide daily reports for each child. Our web site is updated frequently, www.kountrykidslearningcenter.com, on upcoming events and fundraising. We send out Facebook alerts, text messages and e-mails. Classroom art is sent home along with photos and crafts. Adult family members (i.e., parents, grandparents, aunts, uncles, cousins etc.) are invited to attend field trips, parties, daily classroom activities and special center-wide events.

Parent/Teacher Conferences

KKLC provides two opportunities per year for parents and teachers to meet to discuss a child's development and classroom experiences. Parents will be notified, and a sign-up sheet will be posted for parents to choose the best time that fits their individual schedule. If any of the times and/or days allotted for conferences do not work for the family, parents may speak to the classroom teachers to find a date to fit both of their schedules. Conferences with the teachers and/or director can be requested any time per year and a time will be scheduled to accommodate the schedules of all parties involved.

At Kountry Kids Learning Center, we strongly believe that the parents/guardians are their child's first teachers. It is essential for strong communication and a collaborative relationship between home and school. KKLC staff and administration solicit information from parents regarding family child rearing and cultural practices. We encourage parents to voice any questions, comments, or concerns for continuous program improvement.

Child Transitions

Kountry Kids Learning Center strives to make each child's transition to a new classroom as smooth as possible. Approximately one month before a child transition, the child's teacher(s) and the center director will begin having conversations with the child's parent/guardian regarding the approaching transition. If all parties involved agree that this transition is in the best interest of the child, the director will then send a transition letter to the child's parent/guardian. The letter outlines the classroom in which the child will be moving to, the new teachers & their typical weekly schedule, a plan of transition visits in the new class and the official first day that the child will be permanently in their new class. Along with the transition letter will be a child information form to give the teachers in the child's new room updated and specific information regarding the child.

Complaint Procedure

If for any reason a family has a concern about any issue that may arise, they are encouraged to contact Stephanie Neuman (Owner/Director) or Kris Neuman (Owner). We take all input very seriously. We will thoroughly investigate and do what we can to clear up any issues for all parties involved.

Personal Belongings Policy

The center will provide all games, toys, books, etc. necessary for each child. Children are not permitted to bring their personal toys to the center due to the risk of damage, sharing issues, and loss. Parents are responsible for enforcing this policy with their children.

Children may bring one non-musical soft toy or stuffed animal that can be used for nap time only. Please mark these items with the child's name. Kountry Kids Learning Center reserved the right to deny any personal belongings for any reason.

Release of Personal Information/Confidentiality Policy

Kountry Kids Learning Center will treat the personal information of each child and family as private information. Personal information will not be shared with other children, parents, or families. Each child's personal information will only be available to the necessary staff that are in direct contact with your child(ren), police and DCFS (upon request).

Guidance and Discipline Policy

Appropriate behavior is built upon mutual trust between the children and their teacher and/or caregiver. This does not happen overnight and requires effort from both teacher and child. It also requires support from parents. We are partners in this process and as partners we have a responsibility to each other. We do our very best and we know that we can count on your support in this endeavor.

Discipline means teaching and training and is the key to the way children behave. Discipline is an ongoing process. It begins early in a child's life. It involves changes as a child matures and continues until the child is an adult. It then goes on as self discipline. Guidance by our caregivers helps children to develop self control; respect the rights of others; express their emotions appropriately; build self esteem; become self reliant and develop organizational skills.

At times children misbehave because they are tired, hungry, or sick. They may also misbehave because they were never clearly told that a certain behavior was not appropriate. However, many times children misbehave because they are angry, jealous, afraid, or have hurt feelings.

Understanding the cause of a child's misbehavior can help us choose an effective method of changing the inappropriate behavior.

The goals of good discipline and guidance are the following:

- To encourage appropriate behavior
- To help prevent problems from arising as the child matures
- To instill a lifelong sense of self discipline

At Kountry Kids Learning Center, Inc. we feel that appropriate behavior can be developed through these basic steps:

1. We set realistic limits necessary for the child's safety and well being that are developmentally appropriate.
2. We inform the children of our expectations. Each child will understand the limits beyond which he/she will not be allowed to go. He/She must also realize that there will be consequences to their actions. We promote independence by allowing the children to share in setting limits and rules where possible.
3. We encourage (depending on the child's age) the child to talk about their feelings instead of misbehaving.
4. We divert attention and/or remove the child from the area of conflict, when possible, to a more acceptable behavior or activity. Often, telling the child "No", in a calm voice, when appropriate can also be effective.
5. We may use the Time-Out method to give the child a time to cool off. Removal from the group to help the child gain control shall not exceed one minute per year of age. When using this method, the child will be told how long it will be. The child will also be in a safe place. The child may observe the group at this time, but not participate. If it is concluded that the child cannot remain in the group, he/she may be removed to the director's office for further consult.
6. We provide encouragement when a child fails and value these mistakes as learning opportunities.
7. Children shall not be disciplined for toilet accidents.
8. We are consistent. Children will test us to see if we are.
9. We enforce the limits that we have established in a firm but fair manner. However, we will patiently remind the children of the rules as needed.
10. We strive to be good role models by setting good examples as the adults who care for them.
11. We will not use physical punishment of any kind.

Effective discipline is a positive process. We make every effort to understand your child's needs. We reward positive behavior through the use of praise, smiles, hugs, and "Thank You". We use material rewards sparingly.

We discourage misbehavior firmly, fairly, and consistently. We adapt our methods of discipline and guidance as your child grows and matures. It is our responsibility to see that every child has an atmosphere in which they can learn and grow to the best of their ability. Whatever your child's age, love and understanding are the keys to more appropriate behavior and the steps to personal success. *A child who, after several attempts have been made to meet the child's needs, continues to demonstrate the inability to benefit from the program offered, or whose presence is detrimental to the group shall be discharged from the center.

Fire and Severe Weather Drills/Closure

Kountry Kids Learning Center staff and children participate in Fire and Disaster drills regularly. Evacuation plans are posted in each classroom.

In the event that New Berlin CUSD #16 is closed on account of inclement weather (snow, extreme cold, treacherous road conditions, etc.) KKLC will also be closed for the safety of our families and staff. Please call ahead to verify that the center is open before you leave home on days that there is inclement weather (i.e. - heavy snowstorms). Families will be notified via Facebook and a text message alert if KKLC will be closed. No refunds are given for days missed due to inclement weather, etc.

Advertising and Media

KKLC often takes pictures of our students and likes to publish them. KKLC has a Facebook page and often publishes pictures to their Facebook page; you tube channel or other social media outlet. KKLC has a strict policy that no children are to be tagged by an employee in a picture for security purposes. If you wish to tag your child, you may do so, but please do not tag any other child. It is encouraged that you do not tag ANY children, including your own. KKLC also publishes pictures to the local newspapers. If you do not want your child's pictures to be published in any of these medias, please inform the KKLC office in writing of your request. Children that are deemed wards of the state will not be published in any media of any kind.

Nondiscrimination Policy

Kountry Kids Learning Center does not discriminate against any person on the basis of race, color, national origin, disability, sexual orientation or age in admission, treatment, or participation in its programs, services and activities, or in employment.
