Week of the Young Child is an annual celebration that is sponsored by the National Association for the Education of Young Children (NAEYC). The purpose of Week of the Young Child is to focus public attention on the needs of young children and their families, and to recognize the early childhood programs and services that fit those needs. We take this week to really celebrate our wonderful children and the unique job that we have in helping them learn, grow, play, explore, investigate, and discover their true selves.
